# Best Practice in Modelling & Simulation

# What is EFSPI?

---

- EFSPI = European Federation of Statisticians in the Pharmaceutical Industry
- Founded in 1992
- EFSPI is an “umbrella”, non-profit making organisation
- A federation of National European Groups
- Now have 10 national groups
- No individual members
- Our national organisations collectively represent 2800 members
- Each organisation has 2 members on the EFSPI Council
- Website: [www.efspi.org](http://www.efspi.org)

# Best Practice in Modelling and Simulation

## Introduction

Chris Jennison

EFPSI Webinar

4 October, 2016

## Background to this webinar

The May 2016 PSI Conference, held in Berlin, included a session on *Best Practice in Modelling and Simulation*

This session contained presentations on two reports and discussion of how to apply these ideas

1. PSI/EFSPI Special Interest Group for Modelling and Simulation: *Proposed Best Practice for Projects that Involve Modelling and Simulation*
2. EFPIA MID3 Workgroup: *Good Practices in Model Informed Drug Discovery & Development (MID3): Practice, Application, Documentation and Reporting*

## The speakers from the PSI session are here again today

- Michael O'Kelly: EFSPI SIG proposal & key points of best practice
- Chris Jennison: Example of a project in which to try applying these principles
- Tom Parke: Best practice in writing simulations
- Scott Marshall: The MID3 work and principles
- Panel session
